(Social/Affordable housing is an excellent idea and I would like to see more in Upper Caldecote and in Northhill (although I think that there are plans for more to be built at the end of Sand Lane in Northhill). I belong to Caldecote WI and help the village Flower Guild and know of other local organisations that they find it is extremely difficult to recruit younger members because there is a shortage of them. The Village has an ageing population and as children reach an age where they can live independently they have to move out of the village because they are unable to afford to live here. )	J2331.1	5	Affordable Housing reqd	593
