J	1	29		3.1	FP						Footpath needed from UC to Ickwell which would allow cycles and prams	J1293.1	28	Footway from U/C to Ickwell	588
J	2	42		3.1	FP	L					Footpath/ footway required from UC to Ickwell. Dangerous to walk on the road particularly in the dark. <i>(Footpath to Ickwell - Could there be a footpath between the two villages? Currently if people want to walk down to Ickwell/Northill they have to hazard the traffic and leap on to the grass verge (quite often with a dog as well) to avoid being hit by an oncoming car. Although I have to say that people are generally considerate and slow down for pedestrians. However if there is a large vehicle or two vehicles approaching from each direction, it is necessary to leap onto the grass verge. From the point of view of pedestrians walking that route after dark, this is extremely dangerous and I have myself narrowly avoided someone wearing dark clothing in the dark as the road is also unlit)</i>	J2423.1	28	Footway from U/C to Ickwell	606

C	4	17	126	1.2	VG	L			4	L	The land owned by the Diocese of St Albans which is rarely used by Upper Caldecote lower School should be opened to the public to extend the Green. The ditch that separates the Green from this land should be removed. A facility for dog walkers to let their dogs off the lead could be created. It could also allow a lay-by opposite the shop and also zebra crossing. (UC)	C4171.2	108	Road safety	309
C	4	18	108	1.2	OF	L				L	Visibility coming out of Biggleswade Road at the crossroads is difficult because of the lack of visibility from the height of bushes and fence	C4184	108	Road safety	311
